ANKIT KUMAR

Computer Science Engineering | Web & Software Development

+91 8858199715 ankitkumar7778999@gmail.com Shahjahanpur, Uttar Pradesh - 242001

PROFESSIONAL SUMMARY

Motivated, deep-learning, and smart-working final-year Diploma student in **Computer Science Engineering** from **Government Polytechnic Mohammadi Kheri**. Certified in **ADCA (Grade A)**, **CCC**, and **Web Development**, with practical industrial training from **Techpile Technology** (Python) and **Skill Manthan** (Web Development). Proficient in Python, HTML5, CSS3, JavaScript, PHP, MySQL, and MS Office applications. Proven project implementation experience including an academic college management portal (*"My College"*) and responsive web applications. Seeking an internship, apprenticeship, or entry-level software/IT role to apply technical knowledge, execute results-oriented tasks, and drive organizational success.

EDUCATION

Diploma in Computer Science Engineering (CSE) — **2024 – 2027**
Government Polytechnic Mohammadi Kheri, Uttar Pradesh (BTEUP) — *Currently Pursuing – Final Year*

Intermediate (12th) – Science Stream — **2024**
Government Inter College Chandapur, Shahjahanpur (UP Board) — *Completed*

High School (10th) — **2022**
Government Inter College Chandapur, Shahjahanpur (UP Board) — *Completed*

INDUSTRIAL TRAINING & SKILL DEVELOPMENT

Skill Manthan — **Lucknow, UP**
2nd Year Industrial Training • Web & Technology Solutions — *2025*

- Underwent rigorous practical training on modern web architectures, frontend-backend connectivity, and responsive UI design.
- Gained hands-on exposure to full-stack project workflows, debugging, form validations, and database operations.

Techpile Technology Pvt. Ltd. — **Lucknow, UP**
1st Year Summer Training • Python Programming & Core Software Concepts — *2024*

- Completed intensive training in Python syntax, OOP concepts, control structures, list comprehensions, and data structures.
- Built logical scripting algorithms and practical mini-projects to automate data tasks and computational workflows.

PROJECTS

My College – Web-Based College Management & Information Portal — **Academic Project**
Technologies: HTML5, CSS3, JavaScript, PHP, MySQL / Python

- Developed a comprehensive institutional portal for managing departmental notices, syllabus outlines, and student inquiry forms.
- Engineered dynamic, mobile-friendly user interfaces using HTML5, CSS3, and JavaScript with intuitive navigation.
- Integrated database-backed administrative forms to maintain student records, attendance details, and feedback efficiently.

TECHNICAL SKILLS & CERTIFICATIONS

Programming Languages:	Python, JavaScript (ES6+), PHP, C (Basics)
Web Technologies:	HTML5, CSS3, Bootstrap, Responsive UI Design, Canvas API
Computer Certifications:	**CCC** (Course on Computer Concepts), **ADCA** (Grade A - 78%), **Web Development** (Grade B - 75%)
Software & Tools:	Microsoft Excel (Formulas, Data Entry, Reporting), MS Word, PowerPoint, MySQL, VS Code
Accounting & Systems:	Tally ERP 9 / Tally Prime with GST (Basics), Windows 10/11, PC Hardware & Networking Fundamentals

ACHIEVEMENTS & ACTIVITIES

- **Academic Excellence:** Completed ADCA certification with Grade A (78%) from Asian Computer Institute.
- **Class Management:** Managed student records and computer lab activities using MS Excel at polytechnic.
- **Technical Workshops:** Actively participated in technical coding seminars and summer training presentations.

KEY STRENGTHS & LANGUAGES

- **Strengths:** Deep Learner, Smart Work, Problem Solving, Adaptability, Positive Attitude, Teamwork.
- **Languages:** Hindi (Native / Fluent), English (Professional Working & Technical Understanding).
- **Career Focus:** Software Engineering, Web Development, IT Support, Technical Operations.
